0.06

Relative Lift

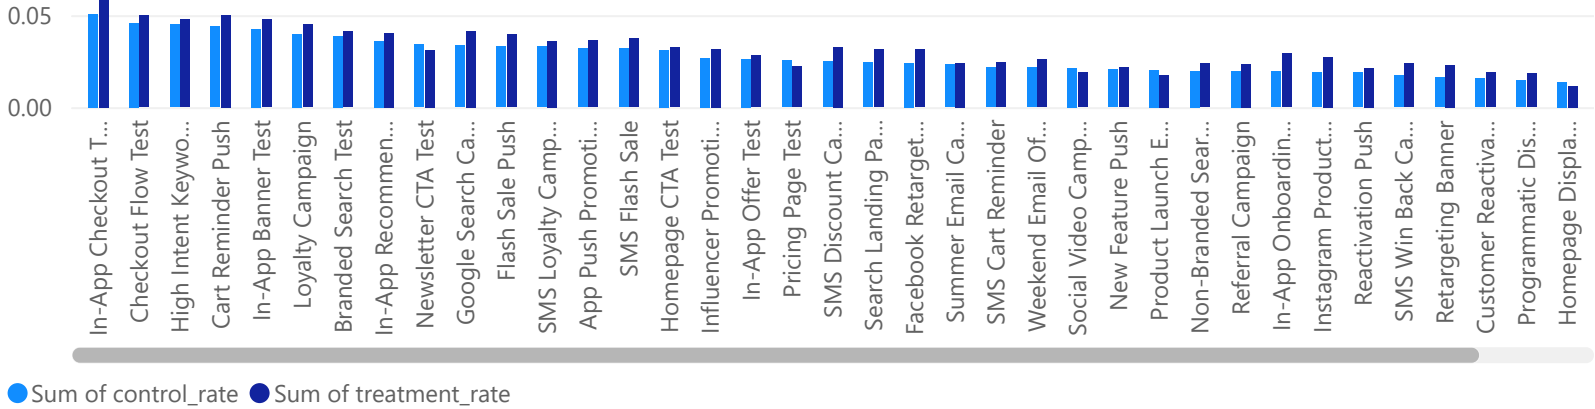

0.51

P-Value

0.79

Control vs Treatment Conversion

Sum of control_rate and Sum of treatment_rate by campaign_name

Experiment Interpretation

For the selected campaign, we want to communicate:

- observed lift
- p-value
- confidence interval
- significance status
- sample adequacy

Experiment Evidence

campaign_name	Sum of control_rate	Sum of treatment_rate	Sum of absolute_difference	Sum of relative_lift	Sum of p_value	Sum of ci_low	Sum of ci_high	significance_status	sample_status
